

BENETEAU

OPTION SPECIFICATION SHEET

Option: **GENNEKER GEAR**
Boat Available: **BENETEAU 49**
Computer Code: **ACB03**

Specifications:

- **The genneker halyard** (*supplied loose*) is led thru the fairlead above the headstay and into the mast via a masthead sheave. It exits the mast on the starboard side and is led thru a **Harken 6056 ESP single block** (*supplied loose*) at the mast step. The genneker halyard is then led thru the existing starboard deck organiser, thru an existing spare jammer on the starboard side and on to the starboard halyard winch (see layout drawing below).
- **The genneker tack line** (*supplied loose*) is led thru a **90mm Lewmar Synchro single block** (*supplied loose*). The single block has a 10mm shackle at its head which must be adjusted to swivel. This single block shackles to the loop on the bow roller at the bow. The tack line is tied-off on a mooring cleat.
- **Two genneker sheets** (*supplied loose*) and **two 90mm Lewmar Synchro single blocks** (*supplied loose*). The single blocks have a 10mm shackle at their head which must be adjusted to swivel. These single blocks shackle to existing Wichard folding pad eyes on the side deck, aft, near the primary winches (1 port, 1 starboard).

Mast port side:

- Genoa halyard led thru Spinlock XTS jammer thru mast step block to general purpose cleat on mast.
- Main boom topping lift on general purpose cleat.

Port mast step blocks (fwd to aft):

- Genoa halyard - Harken H6056 75mm ESP single block
- Main halyard - Harken H6056 75mm ESP single block
- Main inhaul - Lewmar 29929052-MC90 90mm single block+shackle
- Mainsheet - Lewmar 29929052-MC90 90mm single block+shackle

Starboard mast step blocks (fwd to aft):

- Spinnaker pole lift (option) - Harken H6056 75mm ESP single block
- Spinnaker halyard (option) - Harken H6056 75mm ESP single block
- Outhaul - Lewmar 29929052-MC90 90mm single block+shackle
- Vang - Lewmar 29929052-MC90 90mm single block+shackle
