

What is the shelf life of nylon and polyester ropes?

 cancord.com/faq-items/what-is-the-shelf-life-of-nylon-and-polyester-ropes

Cancord Inc.

While there is not a universally agreed-upon shelf life for unused nylon and polyester ropes we suggest a 10 year maximum for ropes that have been properly stored. Exposure to heat, ambient moisture, UV, exposure to higher or lower temperatures and chemicals will reduce the shelf life of the rope.
