

Catalina Yachts Library...Year by year, Frank Butler made improvements and and redesign components on the C30. These factory modification drawings (see list at left) will help in repairing or modernizing your boat. See the other specific topics in the tech Lib!

Factory Upgrade Schedule...The Catalina 30 has always been "in development". The factory has improved the boat incrementally since the first hull emerged in 1974. Here is an approximate schedule of major changes in the production life of the boat. This was contributed by David Graas of Catalina Yachts. Send us your (verifiable) corrections by [email](#).

The Mark I...(Original)

Date	Hull #	Change Description
	Premier	First hull
