HAWK

...sleek, saucy day-sailer!

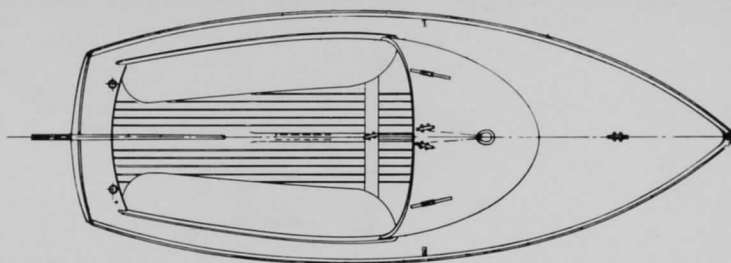

Add water and wind, and Hawk becomes as frisky as a young colt. Hawk adds new dimensions to your family's pleasure . . . in looks, in roominess, in sailing ability, and in the minimum care required. This Alberg-designed sailer (centerboard or keel) blends straight sheer and reverse transom to reflect the design latitude and beauty of fiberglass. Hawk's many features include convenient cuddy cabin with dry duffle bunks; large, comfortable cockpit with Philippine mahogany coaming, seats, and flooring; positive flotation; finest deck hardware and fittings; aluminum spars; dacron sails; streamlined centerboard and rudder (kick-up type). Compare these and other standards, add the optionals of your choice . . . you'll find Hawk is a lot of boat for the money!
